Graduation

SJSM is proud to announce its Annual Commencement Ceremony to be held in Chicago on April 17, 2010. We are looking forward to a grand evening, to celebrate the success of our graduates as well as our 10th anniversary. Congratulations to all our graduates. Please check the website photo gallery for photos and video of the ceremony.

EXAM MASTER

Thanks to all the students that have been using our USMLE study resource: EXAM MASTER. Up to now we have 256 users. These students and faculty have worked on 3,146 study sessions. Thanks also to one student who worked on 3,812 test items! She will surely do well on the USMLE. For those who have not yet used EXAM MASTER, be sure to visit our library website.

New Library Reference Books

About forty new reference titles should be in the library within the next week. Of particular interest for students doing research is four titles on clinical research. For more details, visit the library or check the library website: www.sjism.org/library

Oops.. Saint James Students did it again!

It is starting to be more common practice that the students of Saint James pass the USMLE Step 1 with high scores, but when two students do it within a span of couple of weeks, and get a score of 99%, that deserves special attention. With that said, we would like to congratulate Amy Osborne and Dennis Dobitsch on their superb scores on this exam. Well done!!

REMINDER: All Basic Science Semester 4 students are REQUIRED to register for the USMLE before they take the final examinations.. Good Luck!!

Dean's List: Fall 2009

MD 4

Jyothi Achakunju
Deeksha Jandhyala

MD 3

Madeline Logan
Phani Bora
Pouya Mohajer

MD 2

Angela Onyeokoro

MD 1

Syed Z.S. Bukhari
Eric Lessard
Denny Goss

PM 4

Ahmed Atiya
Kevin Chow
Grace George

Dane Patterson
Richa Chhibba
Parth Patel

Clinical Department

March 18th is Match Day! March is a very important month for the Clinical Department. On March 18th, results of the 2010 Residency match through the National Residency Matching Program will be declared and we will find out which of our students will start their Residency Programs in July. As soon as we have all the details, they will be posted on the website as well as in next month's newsletter. Canadian residency results are declared later and will be posted when we receive them.

Student Finances

Tuition invoices for the Summer 2010 session have been mailed and e-mailed out. Tuition is due March 31st, 2010.

Also the application deadline for the student loan through Delta Financial Solutions Inc. for Summer 2010 is March 12th 2010. No applications will be accepted after the deadline.

Scientific Orientation

You may have noticed that our courses now have a more scientific orientation and if you have been asked to conduct some research activity in your courses, it is part of our effort to raise the scientific level of our courses. In conducting your research, please remember to use our online full text library resources which can be found on our library website.
